FREE MEDICAL ADVICE TO WOMEN.

This is a very important consideration in a woman's correspondence with Mrs. Pinkham. It is great satisfaction to feel that one woman can write to another telling her the most private and confidential details about her illness, and know that her letter will be seen by a woman only, - a woman full of sympathy for her sick sisters, and with a knowledge of woman's ills greater than that possessed by any other person.

Mrs. Pinkham never violates the confidence thus entrusted to her, and although she published thousands of testimonials from women who have been benefited by her advice and medicine, never in all her experience has she published such a letter without the full consent, and often by special request of the water. special request of the writer.

The reason Mrs. Pinkham is so amply qualified to give advice in cases of female ills is for the reason that over one hundred thousand cases come before her each year,—some personally, others by mail, and this has been going on for twenty years, day after day, and day after day. Twenty years of constant success,—think of the knowledge thus gained. Surely, women are wise in seeking advice from a woman of such experience, especially when it is absolutely free.

As an illustration of the good coming from such advice we herewith publish two letters and portrait of Miss Hattle DeGront, the reading of which should give every sick woman confidence in Mrs. Pinkham's ability to help them. This is only one of thousands of the same kind of letters which Mrs. Pinkham has on file.

DEAR MRS. PIERHAM: - I have read with interest your advice to others so much that I thought I would write to you, for I have been suffering for a long time. I have such bearing down pains, and such shooting pains go through me. I have headache, backache, and feel tired. Menstruation is very painful, sometimes have to step work and he down. My stomach bloats terribly, and I am troubled with whites. Hoping to hear from you MISS HATTIE DEGROAT, Successuma, N. J.

"DEAR Mrs. PINRHAM: — I can hardly find words to thank you for your advice and wonderful Vegetable Compound. I was in a terrible state, every part of my body ached, was very nervous, had hysterical spells. I think I would have become insune had it not been for Lydia E. Pinkham's Vegetable Compound. Your letter told me just what to do, and your medicine cured me, and I cannot express my thanks."

March 8th, 1901. Mrss Hattie DeGeoat, Successima, N. J."

No other medicine in the world has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female troubles or such hosts of grateful friends. Do not be persuaded that any other medicine is just as good. Any dealer who suggests something else has no interest in your case. He is seeking a larger profit. Follow the record of this medicine, and remember that the thousands of cures of women whose letters are constantly printed in this paper were not brought about by "something else," but by Lydia E. Pinkham's Vegetable Compound.
